**Animator: Marc Pocard (Paris – France), Olivier Glehen (Lyon – France)**

9:00-10:30

## STANDARD SESSION

### New perspectives in rare peritoneal disease management

*Moderators: Olivia Sgarbura (Montpellier – France), Brendan Moran (Basingstoke - UK)*

- 9:00-9:15 ▶ Clinical perspectives in rare peritoneal disease management
- 9:15-9h30 ▶ Research perspectives in rare peritoneal disease  
*Wim Ceelen (Ghent – Belgium)*
- 9:30-9:45 ▶ Emerging role of immunotherapy in malignant peritoneal mesothelioma  
*Heidi Kindler (Chicago – USA)*
- 9:45-10:00 ▶ Differences between appendix and colon cancer management  
*David Morris (Sydney – Australia)*
- 10:00-10:30 ▶ Clinical case discussion: High grade high volume PMP case  
*Speaker: Amanuel Kefleyesus (Lausanne – Switzerland),  
Moderators: Marc Pocard (Paris - France), Olivier Glehen (Lyon - France)*

10:30-11:00

## CHALLENGE YOUR EXPERT

- 10:30-10:45 ▶ Management of non-perforated LAMN and HAMN  
*Mohamed Faheez (London – United Kingdom)*
- 10:45-11:00 ▶ Discussion

11:00-11:30

## COFFEE BREAK / EXHIBITION AREA

**Animator: Olivier Glehen (Lyon – France)**

11:30-11:50

## KEYNOTE LECTURE

### Lessons from 25 years of CRS

*Paul Sugarbaker (Washington – USA)*

**Animator: Marc Pocard (Paris – France)**

11:50-12:20

## SYMPOSIUM PSOGI - ISSPP - ESGO

### Standardisation of CRS: International Consensus Statement

*Aditi Bhatt (Ahmedabad – India), Artem Stepanyan (Yerevan – Armenia), Olivier Glehen (Lyon – France)*

12:20-13:20

## CONTROVERSY SESSION

### Oncological safety of laparoscopic CRS in high grade disease

- 12:20-12:30 ▶ Introduction  
*Delia Cortes-Guiral (Madrid - Spain)*
- 12:30-12:50 ▶ First position pro  
*Alvajo Arjona-Sanchez (Cordoba – Spain)*
- 12:50-13:10 ▶ Alternative position  
*Shigeki Kusamura (Milan – Italy)*
- 13:10-13:20 ▶ Discussion  
*Delia Cortes-Guiral (Madrid – Spain)*

13:20-14:20

## LUNCH BREAK / EXHIBITION AREA

**Animator: Laurent Villeneuve (Lyon – France)**

14:20-14:50

## THE LYON SESSION

*Interviewer: Vahan Kepenekian (Lyon – France)*

14:50-16:30

## INTERSECTIONS

### The emerging role of artificial intelligence in clinical care of peritoneal surface malignancies

*Moderator: Jean-Marc Bereder (Nice – France)*

- 14:50-15:10 ▶ Integrating AI in Clinical Care: Ethical and Practical Considerations
- 15:10-15:30 ▶ Deep Learning in Oncology: Monitoring and Assessing Cancer Progression
- 15:30-15:50 ▶ Machine Learning for Genomic Analysis: Biomarker Prediction and Beyond
- 15:50-16:05 ▶ AI in peritoneal metastases imaging: tailoring applications to clinical needs
- 16:05-16:20 ▶ Input of National Big Data on PSM management  
*Clarisse Eveno (Lille, France)*
- 16:20-16:30 ▶ Panel discussion

16:30-17:00

## CHALLENGE YOUR EXPERT

- 16:30-16:45 ▶ Shall peritoneal MRI become the standard evaluation modality for peritoneal metastases?
- 16:45-17:00 ▶ Discussion  
*Pascal Rousset (Lyon – France)*

17:00-17:30

## COFFEE BREAK / EXHIBITION AREA

Animator: Marc Pocard (Paris – France)

17:30-18:00

**SYMPOSIUM**  
**PIPAC and new biologic therapies**

Oncolytic viruses and PIPAC

Moderators:

18:00-19:30

**INTERSECTIONS**  
**Translational research in peritoneal surface malignancies**

Moderators: Marc Pocard (Paris - France), Konstantinos Votanopoulos (Winston-Salem – USA)

18:00-18:15

▶ Immune checkpoint inhibitor in PSM  
*Julien Péron (Lyon – France)*

18:15-18:30

▶ Predicting response of PM to immunotherapy  
*Wiebke Solass (Berne - Switzerland)*

18:30-18:45

▶ Does BromAc only dissolve mucin?  
*David Morris (Sydney – Australia)*

19:00-19:15

▶ Oral abstract

19:15-19:30

▶ Oral abstract

19:30

**END OF THE DAY**

**THURSDAY 26<sup>TH</sup> OF APRIL 2024**  
**PARALLEL SESSION > Room Jacquard**

11:50-13:20

**New insights in rare peritoneal tumors**

Moderators: Yan Li (Beijing – China), Claudio Quadros (Salvador de Bahia – Brasil)

11:50-12:05

▶ Rare peritoneal tumors management in Oman: experience of a newly implemented program

12:05-12:20

▶ Oral abstract

12:20-12:35

▶ Oral abstract

12:35-12:50

▶ Oral abstract

12:50-13:05

▶ Oral abstract

13:05-13:20

▶ Oral abstract

13:20-14:20

**LUNCH BREAK / EXHIBITION AREA**

14:20-14:50

**THE LYON SESSION**

**SESSION IN ROOM CORBEILLE**

Interviewer: Vahan Kepenekian (Lyon – France)

14:50-17:00

**Peritoneal Metastases Secondary to digestive cancer**  
**Perioperative systemic chemotherapy with complete metastases resection**

Moderators: Shigeki Kusamura (Milan – Italy), Mohammad Alyami (Jeddah - Saudi Arabia)

14:50-15:10

▶ Future of oligometastatic disease management: focus on peritoneal metastasis  
*Eric Van Cutsem (Leuven – Belgium)*

15:10-15:25

▶ Adjuvant chemotherapy: Systematic? Which one? Targeted / Immunotherapy?

15:25-15:40

▶ Place and type of maintenance treatment?

15:40-15:55

▶ Role of patient-derived organoids?  
*Konstantinos Votanopoulos (Winston-Salem – USA)*

15:55-16:10

▶ Role of liquid biopsies in systemic treatment strategy building?

16:10-16:25

▶ Co-mutations impact in colorectal PM

16:25-16:40

▶ Oral abstract

16:40-16:55

▶ Oral abstract

16:55-17:00

▶ Panel discussion

17:00-17:30

**COFFEE BREAK/EXHIBITION AREA**

**17:30-18:00**

**SYMPOSIUM**  
**PIPAC and new biologic therapies**  
 Oncolytic viruses and PIPAC  
**SESSION IN ROOM CORBEILLE**  
 Moderators:

**18:00-19:30**

**What's the future of CRS and IP treatments?**  
 Moderators: Paul Sugarbaker (Washington – USA), Martin Hübner (Lausanne – Switzerland)

- 18:00-18:20 ▶ How to perform an ideal HIPEC?
- 18:20-18:40 ▶ Should IP treatment be used in colorectal peritoneal metastases?
- 18:40-18:55 ▶ Oral abstract
- 18:55-19:10 ▶ Oral abstract
- 19:10-19:25 ▶ Oral abstract
- 19:25-19:30 ▶ Panel discussion

**19:30** **END OF THE DAY**

**FRIDAY 27<sup>TH</sup> OF SEPTEMBER 2024**  
 Room Corbeille

*Animators: Marc Pocard (Paris – France) & Olivier Glehen (Lyon – France)*

**8:30-10:10**

**STANDARD SESSION**  
**Gastric peritoneal metastases: Poorly cohesive carcinoma: an independent entity?**  
 Moderators: Jimmy So (Singapore)

- 8:30-8:45 ▶ Impact for the pathologist and molecular biologist
- 8:45-9:00 ▶ Impact for the radiologist
- 9:00-9:15 ▶ Impact for the medical oncologist
- 9:15-9:30 ▶ Impact for the surgical oncologist  
*Hironori Ishigami (Tokyo – Japan)*
- 9:30-09:40 ▶ Panel discussion
- 09:40-10:10 ▶ Clinical case discussion: Resectable peritoneal metastases with signet-ring cells gastric carcinoma  
*Speaker : Antoine Mariani (Paris - France)*  
 Moderators : Marc Pocard (Paris - France), Olivier Glehen (Lyon - France)

**10:10-10:30**

**THE LYON SESSION**  
**How can a director promote a surgical research program?**  
 Moderators:

**10:30-11:00** **COFFEE BREAK / EXHIBITION AREA**

*Animators: Marc Pocard (Paris – France), Olivier Glehen (Lyon – France)*

**11:00-11:40**

**CHALLENGE YOUR EXPERT**

- 11:00-11:20 ▶ The bi-directional approach in gastric cancer peritoneal metastases?  
*Yong Wei Peng (Singapore)*
- 11:20-11:40 ▶ Discussion  
*Olivia Sgarbura (Montpellier – France)*

**11:40-12:40**

**INTERSECTIONS**  
**Patients and physicians wellness**  
 Moderators: Santiago Gonzalez-Moreno (Madrid – Spain), Victor Verwaal (Skånes – Sweden)

- 11:40-11:55 ▶ PSM oncologists and surgeons wellness impact
- 11:55-12:10 ▶ Patients reported outcomes insights in PSM management
- 12:10-12:25 ▶ Depression impact and management in PSM management
- 12:25-12:40 ▶ Patients involvement in care

**12:40-13:40 LUNCH BREAK / EXHIBITION AREA**

*Animators: Marc Pocard (Paris – France), Olivier Glehen (Lyon – France)*

**13:40-14:10 THE LYON SESSION**

*Interviewer: Laurent Villeneuve (Lyon - France)*

**14:10-15:30 INTERSECTIONS  
Locally advanced colorectal cancers**

*Moderators:*

- 14:10-14:30 ▶ Modern strategies to push back the current frontier of prognosis improvement  
*Mehdi Karoui (Paris – France)*
- 14:30-14:50 ▶ T3 - T4: the radiologic challenge  
*Andrea Laghi (Rome – Italy)*
- 14:50-15:10 ▶ T3 - T4: the pathologic challenge  
*Frédéric Bibeau (Besançon – France)*
- 15:10-15:30 ▶ Escalade or desescalade treatment in locally advanced colorectal cancer: role of liquid biopsies?

**15:30-16:30 SYMPOSIUM GAMIDA**

**Controversy session**

*Role of HIPEC in locally advanced colorectal cancer*

- 15:30-15:40 ▶ Introduction
- 15:40-16:00 ▶ First position pro  
*Vahan Kepenekian (Lyon – France)*
- 16:00-16:20 ▶ Alternative position
- 16:20-16:30 ▶ Discussion

**16:30-17:00 COFFEE BREAK / EXHIBITION AREA**

*Animator: Julien Péron (Paris – France)*

**17:00-17:45 CHALLENGE YOUR EXPERT**

- 17:00-17:20 ▶ Place of neoadjuvant systemic chemotherapy in resectable colorectal peritoneal metastases patients  
*Eric Van Cutsem (Leuven – Belgium)*
- 17:20-17:45 ▶ Discussion

**17:45-19:05**

**STANDARD SESSION**

**Colorectal peritoneal metastases: the beginning of a new era**

*Moderators: Martin Graversen (Odense – Denmark)*

- 17:45-18:05 ▶ MSI digestive tumor and peritoneal metastases: the role of immunotherapy  
*Thierry André (Paris – France)*
- 18:05-18:20 ▶ New role of imaging in patients selection  
*Max Lahaye (Amsterdam, Netherland)*
- 18:20-18:35 ▶ Oral abstract
- 18:35-18:50 ▶ Oral abstract
- 18:50-19:05 ▶ Oral abstract

# FRIDAY 27<sup>TH</sup> OF SEPTEMBER 2024

## PARALLEL SESSION > Room Jacquard

11:00-12:40

### INTERACTIVE DISCUSSIONS

#### Treatment response assessment in peritoneal surface malignancies

Moderators: *Wiebke Solass (Berne – Switzerland), Clarisse Dromain (Lausanne - Switzerland)*

11:00-11:10

- ▶ Pathologic response criteria and scores  
*Frédéric Bibeau (Besançon – France)*

11:10-11:20

- ▶ Morphologic response: modified RECIST criteria for peritoneal disease  
*Pascal Rousset (Lyon - France)*

11:20-11:30

- ▶ Biologic response: standard markers and circulating DNA

11:30-11:40

- ▶ Emerging role of artificial intelligence in response evaluation

11:40-11:50

- ▶ Oral abstract

11:50-12:05

- ▶ Panel discussion

12:05-12:15

- ▶ PIPAC Estok  
*Clarisse Eveno (Lille - France)*

12:15-12:25

- ▶ Oral abstract

12:25-12:40

- ▶ Oral abstract

13:40-14:10

### THE LYON SESSION

#### SESSION IN ROOM CORBEILLE

Interviewer: *Laurent Villeneuve (Lyon - France)*

14:10-15:35

### Meet your expert: How I do it?

Moderators: *Konstantinos Votanopoulos (Winston-Salem – USA)*

14:10-14:25

- ▶ How I follow a patient following CRS-HIPEC?

14:25-14:40

- ▶ Which drainage strategy?

14:40-14:55

- ▶ How I follow a patient under immunotherapy?

14:55-15:05

- ▶ Oral abstract

15:05-15:20

- ▶ Oral abstract

15:20-15:35

- ▶ Oral abstract

# SATURDAY 28<sup>TH</sup> OF SEPTEMBER 2024

## Room Corbeille

9:00-11:00

### STANDARD SESSION

#### Ovarian cancer management

Moderators:

9:00-9:20

- ▶ Recurrent ovarian cancer management in 2024  
*Gilles Freyer (Lyon – France)*

9:20-9:40

- ▶ How molecular approaches will amend ovarian cancer management  
*Than Dellinger (Los Angeles – USA)*

9:40-10:00

- ▶ Invited speaker

10:00-10:15

- ▶ Oral abstract

10:15-10:30

- ▶ Oral abstract

10:30-10:35

- ▶ Discussion

10:35-11:00

- ▶ Clinical case discussion: Resectable platinum-sensitive resectable recurrence

Speaker:

Moderators: *Marc Pocard (Paris – France), Olivier Glehen (Lyon – France)*

11:00-11:30

### COFFEE BREAK / EXHIBITION AREA

Animator: *Naoual Bakrin (Lyon – France)*

11:30-12:10

### CHALLENGE YOUR EXPERT

11:30-11:50

- ▶ Management of ovarian cancer recurrence in the era of PARPi treatment  
*Isabelle Ray-Coquard (Lyon – France)*

11:50-12:10

- ▶ Discussion

12:10-12:40

### SYMPOSIUM

#### How to move forward on international guidelines for ovarian cancer management?

Common session with ESGO

Moderators:

Speakers: *Ignacio Zapardiel (Madrid – Spain), Naoual Bakrin (Lyon – France)*

12:40-13:40

### LUNCH BREAK / EXHIBITION AREA

Animator: *Naoual Bakrin (Lyon – France)*

13:40-14:10

### THE LYON SESSION

*Olivier Revol (Lyon – France)*  
Interviewer: *Olivier Glehen (Lyon - France)*

14:10-14:50

## CHALLENGE YOUR EXPERT

14:10-14:30

- ▶ How to assess operability of elderly patients with peritoneal metastases?  
*Claire Falandry (Lyon – France)*

14:30-14:50

- ▶ Discussion  
*Winston Liauw (Sydney – Australia)*

14:50-15:35

## MULTIDISCIPLINARY FREE SESSION

14:50-15:05

- ▶ Place of cytoreductive surgery in peritoneal sarcomatosis

15:05-15:20

- ▶ PIPAC and new ovarian treatment in ovarian cancer  
*SP. Somashekhar (Bangalore – India)*

15:20-15:35

- ▶ Oral abstract

15:35-16:05

## COFFEE BREAK / EXHIBITION AREA

16:05-17:05

### Join P SOGI and ISSPP forces

*Moderators: Paul Sugarbaker (Washington – USA), Laurent Villeneuve (Lyon – France)*

16:05-16:20

#### ▶ Research forces

Task force P SOGI-ISSPP

*Olivia Sgarbura (Montpellier – France), Faheez Mohamed (Basingstoke – UK)*

16:20-16:35

#### ▶ Educational forces

ESSO-P SOGI-ISSPP

16:35-16:50

#### ▶ ESSO training program

*Santiago Gonzalez-Moreno (Madrid – Spain)*

16:50-17:05

#### ▶ PIPAC Workshops

*Delia Cortes-Guiral (Madrid – Spain), Martin Hübner (Lausanne - Switzerland)*

17:05-17:15

## CONGRESS CLOSURE
